

Stamping is now easier than ever with the Stamp Perfect stamp positioning tool! It allows you to precisely position your image and create perfect impressions every time you stamp. No more wasting time or money throwing away failed attempts. Simply re-stamp images that didn't transfer perfectly. Quickly and easily create identical cards and projects. Use with cling mounted rubber stamps or with clear stamps with the use of the foam mat provided.

Hinged design with grid and ruler guides and a magnetic backing allows you to align, center, layer and more!
